# Do you live with a long term condition?

## Self Management can help you to...

Long Term Conditions are **health conditions** that last a year or longer, impact on a person's life, and may require ongoing care and support.

The Self Management Support Worker can help you think about what matters to you. Supporting you to develop skills to:

- Take care of your illness or condition by taking care of you
- Manage your emotional challenges and changes
- Have better control and plan your life day by day.

The Self Management Support Worker can connect you with people or activities in your local community. They can also support you to learn from, or share with, other people who live with Long Term Conditions.

Self Management is about what works for you.

**If you have a Long Term Condition and would like more information, the Self Management Support Worker is here to help you. Please see next page for contact details.**
